PART C	PART D
<p>Medicare Advantage Bundles Part A, Part B, and usually Part D</p>	<p>Prescription Drug Coverage Prescriptions not included in Parts A and B coverage</p>

- Senior Advantage for Federal Members (HMO) is a Medicare Advantage plan with Part D prescription drug coverage.
- You do not pay a premium to enroll in Senior Advantage for Federal Members.
- You must be a Kaiser Permanente FEHB member to enroll in Senior Advantage, so you don't suspend your FEHB coverage.

Is there a penalty for not enrolling in Medicare Part D?

As long as you keep your FEHB coverage, you won't have to pay a penalty if you join a Medicare prescription drug plan later. Medicare requires your prescription drug plan to be as good as or better than standard Medicare Part D to avoid the late enrollment penalty. Your FEHB coverage is considered to be "creditable coverage."

Medicare Part B premium reimbursement

You won't pay any additional FEHB premium by enrolling in Senior Advantage for Federal Members. What will you pay for Medicare Part B after Kaiser Permanente's Part B premium reimbursement?

We will reimburse you up to **\$175** per month for the Medicare Part B premium you pay with High Option Senior Advantage 2.

Everyone is charged a premium for Medicare Part B coverage. Most people pay the standard Medicare Part B premium, which was \$170.10 per month in 2022. You may have an extra charge added to your Part B premium if:

- You have a higher income. If your income is above a certain amount, you'll pay the standard premium amount and an Income Related Monthly Adjustment Amount, also known as Part B IRMAA. Note that you'll also pay Part D IRMAA.
- You enroll in Part B late. If you don't sign up for Part B when you're first eligible, you may have to pay a late enrollment penalty for as long as you have Part B. Your monthly premium for Part B may go up 10% for each full 12 months in the period that you could have had Part B but didn't sign up for it.

You can contact Social Security to determine your Part B premium, then do the math. Subtract the amount you get reimbursed from the Part B premium you pay. Even if you pay a premium, it may be a good long-term retirement decision to enroll in Part B to get better benefits. To find out, go to ssa.gov or call Social Security at **1-800-772-1213** (TTY **1-800-325-0778**), Monday through Friday, 8 a.m. to 7 p.m.

When you can enroll in Medicare

Here's what you need to know about enrollment periods and when you can sign up for Medicare.

Initial Enrollment Period

You can first sign up for Part A and/or Part B during the 7-month period that begins 3 months before the month you turn 65, includes the month you turn 65, and ends 3 months after the month you turn 65.

General Enrollment Period

If you don't sign up for Part B when you're first eligible, you can sign up between January 1 and March 31 each year, for a July 1 effective date. Your coverage won't start until July 1 of that year, and you may have to pay a higher Part B premium for late enrollment.

Special Enrollment Period (SEP)

If you continue to work past age 65 and you delayed your enrollment in Medicare Parts A and B, you can sign up during SEP. You have up to 8 months from the date you retired to enroll in Medicare Parts A and B to avoid a late enrollment penalty.

What's next?

To learn more about Medicare benefits and eligibility, call Social Security at **1-800-772-1213** (TTY **1-800-325-0778**), Monday through Friday, 8 a.m. to 7 p.m.

If you're ready to enroll in a Kaiser Permanente Medicare health plan for Federal Members, or have questions, call our Kaiser Permanente Medicare specialists at **1-877-547-4909** (TTY **711**), Monday through Friday, 6 a.m. to 7 p.m. (PST). We'll be happy to answer your questions and walk you through the enrollment process.

When should I enroll in a Medicare health plan for Federal Members?

In general, the sooner you get Part B and enroll in one of our Medicare health plans for Federal Members, the sooner you start getting better benefits than with your FEHB coverage alone.

Remember that if you choose not to enroll in Part B when you're first able to, your Part B payments could go up by 10% for each year that you delay signing up for Part B. This is due to the Part B penalty applied by CMS. This penalty is subject to change.

If you or your spouse keeps working, you may be able to delay your Part B enrollment without a penalty. But why would you when you can start getting increased coverage at age 65 by enrolling in a Medicare health plan for Federal Members.
