9. A covered metallic inlay, onlay, or indirectly fabricated post and core using base or noble metal is available for listed Copayment(s). If the Enrollee elects to have high noble metal used instead, the maximum additional cost of this material upgrade is \$100.00 per tooth.
10. A direct or indirect pulp cap is a benefit only on a vital permanent tooth with an open apex or a vital primary tooth.
11. With the exception of pulp caps and pulpotomies, endodontic procedures (e.g. root canal therapy, apicoectomy, retrofill, etc.) are only a benefit on a permanent tooth with pathology.

14. Periodontal scaling and root planing are limited to four quadrants during any 12 month period.
15. Full mouth debridement (gross scale) is limited to one treatment in any 12 month period.

 - a single permanent tooth requires prosthetic replacement.
 - the abutment teeth can adequately support and retain a new bridge.
 - the missing tooth cannot be replaced by adding a prosthetic tooth to a serviceable existing removable partial denture.

- no other missing teeth in the same arch require prosthetic replacement with a new removable partial denture; and *(for a bridge replacing a posterior tooth)* one or more of the abutment teeth meet Limitation #7.
 - b. The replacement of an existing bridge that is not serviceable due to decay, fracture or other non-cosmetic defect, if:
 - the existing bridge is at least five years old; **and**
 - the same abutment teeth can adequately support and retain a new bridge; **and**
 - no other missing teeth in the same arch require prosthetic replacement.
17. Coverage for a new removable partial or complete denture is limited to:
- a. The initial placement of removable partial or complete denture in an arch when:

 - b. The replacement of an existing removable partial or complete denture with non-cosmetic defect(s) that cause the denture to be non-serviceable if:
 - the existing removable denture is at least five years old; **and**
 - the existing removable denture cannot be made serviceable by adjustment, repair, relining or rebasing.
18. Relines, tissue conditioning and rebases are limited to one per denture during any 12 consecutive months.

 - The replacement of permanent tooth/teeth for children under 16 years of age. A new removable partial, complete or immediate denture includes after delivery adjustments and tissue conditioning at no additional cost for the first six months after placement if the Enrollee continues to be eligible and the service is provided at the Contract Dentist's facility where the denture was originally delivered.
20. Retained primary teeth shall be covered as primary teeth.
21. Excision of the frenum is a benefit only when it results in limited mobility of the tongue, it causes a large diastema between teeth or it interferes with a prosthetic appliance.
22. External bleaching is limited to fabrication of one bleaching tray per arch; bleaching gel for two weeks of patient self treatment; and no more than one treatment per arch, per 36 months.
23. Benefits provided by a contract pediatric Dentist are available at 75 percent of the specialist's "filed fees." Referral by the assigned Contract Dentist is required before services are received.
24. Benefits for a soft tissue management program are limited to those parts, which are listed covered services listed on Schedule A. If an Enrollee declines non-covered services within a soft tissue management program, it does not eliminate or alter other covered benefits.

25. Emergency Services - The Contract Dentist is responsible for providing covered emergency dental care while an Enrollee is within 35 miles of the Contract Dentist's facility. If an Enrollee requires emergency dental care and is more than 35 miles from the Contract Dentist's facility, then Delta Dental will reimburse the Enrollee for the cost of covered emergency dental care, less any applicable Enrollee copayments, to a maximum of \$100.00 per Enrollee, per emergency.

Accident injury benefits include the following procedure in addition to those listed in *Schedule A, Description of Benefits and Copayments*: D7270 tooth reimplantation and/or stabilization of accidentally evulsed or displaced tooth and/or alveolus - includes splinting and/or stabilization.

Payment of accident injury benefits are subject to *Schedule B, Limitations and Exclusions of Benefits*, excluding Limitations #7, 16, and 17. Benefits are limited to services provided as a result of an accident that occurred:

- a. while the Enrollee was covered under the DHMO program, **or**
 - b. while the Enrollee was covered under another DHMO program, provided benefits for the expenses incurred would have been paid had the Enrollee continued to be eligible under that program.
28. An Optional procedure is defined as any alternative procedure presented by the Contract Dentist that satisfies the same dental need as a covered procedure, is chosen by the Enrollee, and is subject to the limitations and exclusions of the Program. The applicable charge to the Enrollee is the difference between the Contract Dentist's "filed fee" for the Optional procedure and the "filed fee" for the covered procedure, plus any applicable Copayment for the covered procedure.

An initial treatment plan which involves the removal and reestablishment of the occlusal contacts of 10 or more teeth with crowns, onlays, fixed partial dentures (bridges), or any combination of these is considered to be full mouth reconstruction under the DHMO program. Crowns, onlays and fixed partial dentures associated with such a treatment plan are not covered Benefits. This exclusion does not eliminate the benefit for other covered services.

9. Extraction/removal of an erupted, partially erupted or impacted tooth:
 - a. Solely for orthodontic purposes.

Orthodontic Limitations

The DHMO program provides coverage for orthodontic treatment plans provided through Contract Orthodontists. Start-up fees, retention fees, and the cost to the Enrollee for the treatment plan are listed in *Schedule A, Description of Benefits and Copayments* and subject to the following:

1. Orthodontic treatment must be provided by the selected Contract Orthodontist.
2. Orthodontic Copayments are listed on *Schedule A, Description of Benefits and Copayments* for both interceptive and comprehensive orthodontic treatment. Additional fees will be charged for start-up and retention.
3. Benefits cover 24 months of active interceptive orthodontic treatment.
4. Benefits cover 24 months of active comprehensive orthodontic treatment, including initial banding, de-banding and any commonly used appliances such as headgear.
5. Following benefited interceptive or comprehensive orthodontic treatment, retention is covered up to a maximum of 24 months. Retention includes the initial construction, placement and adjustment to removable retainers and office visits.
6. Treatment plans extending beyond 24 months of active interceptive or comprehensive orthodontic treatment, or 24 months of retention, will be subject to a monthly office visit fee to the Enrollee not to exceed 75 percent of the Contract Orthodontist's "filed fee" per month.
7. Should an Enrollee's coverage be cancelled or terminated for any reason, and at the time of cancellation or termination the Enrollee is receiving orthodontic treatment, the Enrollee will be solely responsible for payment for treatment provided after cancellation or termination. In this event the Enrollee's obligation shall be based on 100 percent of the Contract Orthodontist's "filed fee." The Contract Orthodontist will prorate the amount over the number of months remaining in the initial 24 months of treatment. The Enrollee will make payments based on an arrangement with the Contract Orthodontist.

8. If treatment is not required or the Enrollee chooses not to start treatment after the diagnosis and consultation has been completed by the Contract Orthodontist, the Enrollee will be charged a consultation fee of \$50.00 in addition to diagnostic record fees.
9. Three recementations or replacements of a bracket/band on the same tooth or a total of five rebracketings/rebandings on different teeth during the covered course of treatment are Benefits. If any additional recementations or replacements of brackets/bands are performed, the Enrollee is responsible for the cost at the Contract Orthodontist's usual fee.
10. The Copayment is payable to the Contract Orthodontist who initiates banding in a course of orthodontic treatment. If, after banding has been initiated, the Enrollee changes to another Contract Orthodontist to continue orthodontic treatment, the Enrollee:
 - a. will not be entitled to a refund of any amounts previously paid; **and**
 - b. will be responsible for all payments, up to and including the full Copayment, that are required by the new Contract Orthodontist for completion of the orthodontic treatment.
11. Orthodontic treatment in progress is limited to new DHMO Enrollees who, at the time of their original effective date, are in active treatment started under their previous employer sponsored dental plan, as long as they continue to be eligible under the DHMO program. Active treatment means tooth movement has begun. Enrollees are responsible for all Copayments and fees subject to the provisions of their prior dental plan. Delta Dental is financially responsible only for amounts unpaid by the prior dental plan for qualifying orthodontic cases.

Dental program

For Kaiser Permanente FEHBP members

You must be a Kaiser Permanente FEHBP enrollee to participate in the dental plan.

Kaiser Permanente and Delta Dental

Kaiser Permanente and Delta Dental Insurance Company recognize that good oral care is an important part of your general health. Your enrollment in a Kaiser Permanente FEHB plan option gives you and your family two ways to maintain good oral health — a preventive dental benefit administered by Delta Dental (Delta Dental PPO™), which is included as part of your High Option or Standard Option benefits, and a separate optional plan (DeltaCare® USA), which you may be eligible to purchase for an additional premium.*

Delta Dental PPO preventive dental coverage

With your FEHBP medical coverage through Kaiser Permanente, you receive dental coverage for preventive services. Your only costs will be the patient's share of the procedure at the time of treatment. With Delta Dental PPO, you may visit the dentist of your choice, but your out-of-pocket costs are usually less when you choose to visit a Delta Dental dentist.

Your FEHBP preventive dental coverage covers the following procedures:

- Periodic oral evaluation
- Comprehensive oral evaluation
- Intraoral films, complete series
- Bitewings, 2 films per six months or 4 films per year
- Prophylaxis (cleaning), adult
- Prophylaxis (cleaning), child
- Topical application of fluoride, adult
- Topical application of fluoride, child

DeltaCare USA (optional plan*)

If you would like more inclusive coverage for you and your family, you may obtain separate coverage through Delta Dental's prepaid program, for an additional monthly premium. The DeltaCare USA program has set copayments and no annual deductibles or maximums for covered benefits. You must select a dentist in the DeltaCare USA network from whom you receive treatment. Coverage includes the following types of services (refer to your copayment schedule for a complete list of covered services):

- X-rays
- Dentures
- Orthodontics
- Extractions
- Fillings
- Periodontal scaling and root planing
- Root canals
- Crowns

The cost of coverage for DeltaCare USA (GAA11)

Type	Monthly	Twice a year
Employee	\$10.96	\$65.76
Employee and spouse	\$18.81	\$112.86
Employee and child(ren)	\$18.93	\$113.58
Employee and family	\$27.29	\$163.74

Premiums are effective January 1, 2023 through December 31, 2023.

Go PPO!

6 great reasons to stay in-network

Your Delta Dental PPO™ plan lets you visit any licensed dentist, but you'll maximize plan value by taking advantage of our robust, nationwide PPO network.¹ Here are six great reasons to "go PPO":

- 1 Greater savings.** PPO dentists have agreed to reduced fees, which leaves more money in your pocket. You can find a PPO dentist at deltadentalins.com.
- 2 Quality assurance.** Make sure your smile gets the care it deserves. We monitor PPO dentists to ensure proper licensing, cleanliness and safety procedures.
- 3 No balance billing.** PPO dentists can't charge you more than their set fees. Out-of-network dentists may bill the difference between their usual fee and Delta Dental's contracted rate — a process known as "balance billing."
- 4 Avoid unbundling.** PPO dentists agree not to "unbundle" services that are part of a treatment, like tooth preparation or local anesthesia. Out-of-network dentists may charge for these services separately, making overall costs higher.
- 5 Less paperwork.** PPO dentists handle all claim forms and other paperwork for you. If you choose an out-of-network dentist, you may need to submit a claim yourself.
- 6 No prepayment required.** When you choose a PPO dentist, you'll pay only your portion of the bill.² We'll pay our share directly to your dentist. Out-of-network dentists may require you to pay the full cost of treatment up front and request reimbursement from Delta Dental.

Save with a PPO dentist
