Health payment card Q&A

How can I use my Health Payment Card?

You can use your Kaiser Permanente Health Payment Card to pay for qualified medical expenses such as:

- Cost sharing for covered services at Kaiser Permanente
- Prescription eyeglasses or contact lenses
- Other IRS-qualified medical expenses, including dental treatment costs
- Prescription medications in Kaiser Permanente medical facility pharmacies

Where can I use my card?

You can use your card at Kaiser Permanente medical offices, pharmacies, hospitals, and optical centers. You may also use the card anywhere that accepts health payment cards for IRS-qualified medical expenses.

When does the amount on my card expire?

Rewards you earn during a plan year may be used until March 31 of the next calendar year. Any remaining card balance will be forfeited if your Kaiser Permanente FEHB coverage ends. We may discontinue the card if we end the program.

How do I check my card balance?

Call Health Payment Services at the number listed on the back of your card.

Should I throw my card away when the balance is \$0?

No. As you complete activities, we'll add rewards to your card—so be sure to keep it handy. We won't send you a new card until you reach the expiration date on your card.

The rewards program is open to Kaiser Permanente FEHB subscribers and their enrolled spouses 18 and older. You must accept the Wellness Program Agreement on kp.org/engage to be eligible to earn rewards. You can take the Total Health Assessment (and, for High Option and Standard Option members, the healthy lifestyle programs) as often as you like, but you can only earn a reward for it, if available, once during the reward period. For Prosper, some biometric activities may require you to contact your Kaiser Permanente doctor. To find out how to get the screening you need, call the customer service number on the back of your Kaiser Permanente ID card. We will send each eligible member a Kaiser Permanente Health Payment Card 4-6 weeks after they complete their first activity.
